

Our Intensive General English as a second language (ESL) classes are communicative based with an emphasis on developing speaking and listening skills. In addition, students will learn the necessary grammar to develop fundamental reading and writing comprehension that they can apply to everyday situations. The goal of our ESL classes is to inspire confidence through proven teaching techniques and prepare individuals with the fundamental skills necessary to communicate in English.

Our outstanding teachers will provide the necessary instruction needed to interact in an English-speaking environment. All of our teachers are highly qualified, native English speakers with university degrees and many years of experience in teaching English as a Second Language.

Our ESL courses will place students of the same English level in a comfortable environment for adult learners. Students must take the placement test before the course start date. The duration of the placement test is 1 hour 20 minutes. The placement assessment can be conveniently scheduled Monday through Friday.

We do not place students with different levels in the same group. If there are only one or two students enrolled in the current course, the number of lessons is reduced and will receive private (semi-private) classes at a discounted rate.

English as a Second Language 2019
